Identifying Resources

3-Year Plan || Worksheet

Now that you have a prioritized task list, identify the resources that you will need to accomplish each task. Consider the following:

1. **People** *(who will help you complete this task?)*
2. **Money** *(how much capital will it take to complete this task?)*
3. **Space** *(do you need a dedicated space to complete this task?)*
4. **Technology** *(what kind of technology do you need to complete this task?)*
5. **Time** *(how much time do you need to complete this task?)*
